GATE AUTOMATION

HIGH SPEED SLIDING AND SWING GATE OPERATIONS

- Proven Reliability
 - 98+% Duty Cycle*
 - Easy-to-use Advanced Electronics
 - Class Leading Security Features
- *Power Pack Motors

Features:

- **Cost Effective** residential sliding gate automation
- **Tough DC Motor** with removable brushes for easy maintenance
- **LED Display** for easy programming and diagnostics
- **Security:**
 - Gate safety beam tamper alarm monitoring
 - Electronic locking of motor unit with remote control for added security
 - ET-Blu Mix® enhanced rolling code receiver on board

Features:

- **Proven** robust and reliable residential side gate automation
- **High Speed** Motor with removable brushes
- **Advanced Electronics** with large back-lit display for easy programming, diagnostics and fault reporting
- **Security:**
 - Gate and beam tamper alarm monitoring
 - Pin code lockable programming
 - Optional heavy duty security bracket
 - ET-Blu Mix® enhanced rolling code receiver on board

Features:

- **Proven Power Pack** for high-traffic applications with true battery backup
- **High speed** motor with removable brushes
- **Advanced Electronics** with large back-lit display for easy programming, diagnostics and fault reporting
- **Security:**
 - Gate and safety beam tamper alarm monitoring
 - Pin code lockable programming
 - Optional heavy duty security bracket
 - ET-Blu Mix® enhanced rolling code receiver on board

Features:

- **Heavy duty** robust design for high-traffic industrial sliding gate automation
- Proven **Power Pack** operation with true battery backup
- **High speed** motor with intelligent control
- **Advanced Electronics** with large back-lit display for easy programming, diagnostics and fault reporting
- Designed to house up to two 24V 3.5Ah batteries for extra internal battery backup
- **Security:**
 - Gate motor and beam tamper alarm monitoring
 - Optional heavy duty security bracket
 - ET-Blu Mix® enhanced rolling code receiver on board

WINGO

Features:

- **Hi-Speed** operator for swing gate leaves up to 3.5m
- **Robust** cast aluminium design with power coating
- **Low noise** operation
- Proven **power pack** operation with true battery backup
- **LED display** for easy programming and diagnostics; magnetic encoder ensures reliable and precise obstacle detection
- ET-Blu Mix® enhanced rolling code receiver on-board

TOONA 5

Features:

- **Powerful** operator for swing gate leaves up to 5m
- **Robust** cast aluminium design with powder coating
- Proven **power pack** operation with true battery backup
- **LED display** for easy programming and diagnostics
- Magnetic encoder ensures reliable and precise obstacle detection
- Easy installation, operation and maintenance
- ET-Blu Mix® enhanced rolling code receiver on-board

SPEEDO

Features:

- **Heavy Duty** design for industrial Sliding Gate automation
- **Soft start/stop** facility
- **LED array and display** for indication of gate motor status
- General purpose relay
- Battery back-up
- Loop detector facility
- Programmable
- Optional plug-in receiver
- Lockable manual override
- Easy Installation

Features:

- **Powerful** operator for swing gates up to 5m
- **Soft start/stop** facility
- **LED array and display** for indication of gate motor status
- General purpose relay
- Battery back-up
- Loop detector facility
- A.S.A.P. mode ensures fast gate auto-close
- Optional plug-in receiver
- Lip function

ELITE

SOUTH AFRICA'S FAVOURITE GARAGE DOOR OPERATORS

- Robust Construction
- Proven Reliability
- Intelligent Design
- Easy to install
- Safe Operation

DC Blue
ADVANCED
plus

DC Blue
ADVANCED

Features:

- **Robust** construction with metal chassis and gears
- **Reliable** and proven DC Blue Advanced technology
- **Intelligent** door load proling for added safety and control
- **Simple** to program and fault and with 7 segment LED display
- Sleek, modern design
- Safety beam input
- Selectable automation closing time
- LED courtesy light; optional external light control
- Optional electronic lock control for added security
- Built-in ET B-Blu Mix enhanced rolling code receiver - uncrackable , unhackable

SOON

Features:

- **Robust** construction and reliable operation for demanding applications
- **Easy to install:**
- Fits onto shaft directly
- Narrow pole - for limited space installations
- Magnetic encoder - no need to adjust limit switches
- **Safe** operation with obstacle detection
- **Precision** movement with adjustable speed and slow-down options
- Energy efficient design
- ET-Blue Mix® enhanced rolling code SMXI receiver- uncrackable, unhackable

SUMO

Features:

- **Strong** motor and gearbox construction
- **Easy to install:**
- Fits onto shaft directly
- Narrow prole - for limited space installations
- Magnetic encoder - no need to adjust limit switches
- **Safe** operation with obstacle detection
- **Precision** movement with adjustable speed
- Service warning light for door maintenance
- Integrated battery charger
- Optional integration with ET-Blu Mix Transmitters and Receivers

ET BLUE ROLL-UP

Features:

- **Tried and Tested** reliability
- **Powerful** motor
- **Easy installation and access** with separate wall-mounted control unit
- Ideal for fitment in confined spaces
- Built-in battery back-up; but not battery dependant
- Battery low warning
- Safety beam input
- Auto-close holiday lock-out

0861 STAFIX

LONGEST RANGE TRANSMITTERS, RECEIVERS AND KEYPADS

- Class Leading Range
- Property Double Encryption ET-Blu Mix® Rolling Code
- Uncrackable / Unhackable
